If someone is on top of how RFR process works, it would be useful to summarize at our internal meeting. In terms of work, would we be providing analysis that the executive RFR panel would then use? (I presume so..., but not sure if any process is specified.)

Here is what I had in an earlier document about the process. (BTW, language here suggest ORD would not participate on the executive panel if I'm reading correctly.)

**Subject:** Meeting with Jennifer Orme-Zavaleta

Dear Paul:

We've received invitations (sent this morning) for a meeting with Jennifer Orme-Zavaleta. The first proposed date was 12/7 but then it was moved to 12/15. The meeting title is "Final Peer Review Report for Chloroprene PBPK Model". Have you heard anything about this meeting? No agenda or other information was provided with the meeting invitation.

Also, Viktor was not on the invitation list, so I wanted to make him aware. The meeting will apparently include upper management in ORD and CPHEA, as well as people from Denka and Ramboll.

Best,  
Dustin
